

Title: Something With A Swing Too It ©2002SonnetPublishing
Songwriters: Aaron Watson, Neal Lowry

D G
I was thumbing through the channels and I saw a sight to see
D A
A so called country singer there singing on MTV
D G
Then I began to thank had she ever heard of Hank
D A D
Had she ever been to Texas where Bob Wills is still the king

From the Houston Rodeo to any ol' dance hall
All the cowgirls and cowboys know how to have a ball
And every night they'll throw a toast to the Lone Star State
Where the women are so fine and the music is so great

Chorus:

G D
I wanna two step to a real dance hall swinger
G A
Don't wanna see no wannabe country western singer
G D B7
Don't call it country unless you can prove it
E A G D
I want something with a swing too it

It's a Texas thing y'all so if you don't understand
Drop what you're doing, drive here as quick as you can
Id' even stop in Oklahoma if it was up to me
Cause when it comes to country there ain't nunn like Gary P

Chorus:

G D
I wanna two step to a real dance hall swinger
G A
Don't wanna see no wannabe country western singer
G D B7
Don't call it country unless you can prove it
E A G D
I want something with a swing too it

G D
That hip-hop rap and boy band crap is for the squirrels in San Francisco
G A
And Nashville's making music that sounds like a dad gum disco
