

**Title: Wish I Could Say I'd Been Drinking ©2002SonnetPublishing**  
**Songwriter: Aaron Watson, Neal Lowry**

G Em  
I've done some things I can't undo  
C D  
I took your trust and tore it in two  
G Em  
No man in his right mind could a said it's over  
C D G  
But still I told you goodbye completely sober

**Chorus:**

**Em C D**  
**Wish I could say I'd been drinking**  
**Em C D**  
**And blame the bottle but I've never been one to booze**  
**Em C D**  
**Lord only knows what I was thinking**  
**C D G**  
**Wish I could say I'd been drinking but even that's just a fool's excuse**

G Em  
My momma knows her baby boy knows better  
C D  
It's gonna break her heart to hear we're not together  
G Em  
Cause she's always said she cares so much for you  
C D G  
So what is she gonna say about all the hell I've put you through

**Chorus:**

*Solo*

**Bridge:**

C G  
Now even Tennessee whiskey couldn't wash away the pain  
C D  
Watered down with tear drops pouring like Kentucky rain

**Chorus (twice)**
